

POSTAL SAVINGS BANKS ALL READY

Will be Open for Business January 3.

ONE EXPERIMENTAL OFFICE

Will be Opened in Each State and Territory as a Test.

A LIST OF FIRST LOCATIONS

Washington, Dec. 23.—Postmaster General Hitchcock stated tonight that everything will be in readiness for the postal savings banks in the various States and Territories to receive deposits on January 3, the first working day of the New Year. The task of drawing up regulations, forms and instructions to Postmasters and the general public has progressed to such an extent as to insure the beginning of operations at the experimental offices.

One experimental office will be opened in each State and territory, with a view to making the first test of the service as thorough as possible under the limited appropriation.

The offices designated are all of the second class, and in locations favorable for development of a postal saving business. Several of the offices selected are in communities inhabited by foreign born Americans, who are remitting annually considerable sums of money to their native countries by postal money orders.

The offices are to be located at Globe, Ariz.; Oroville, Cal.; Leadville, Col.; Coeur d'Alene, Idaho; Anaconda, Mont.; Carson City, Nev.; Raton, N. M.; Klamath Falls, Ore.; Provo, Utah; Port Arthur, Texas; Olympia, Wash.; Laramie, Wyo.; Bessemer, Ala.; Stuttgart, Ark.; Ansonia, Conn.; Dover, Del.; Key West, Fla.; Brunswick, Ga.; Pekin, Ill.; Princeton, Ind.; Decorah, Iowa; Pittsburg, Kan.; Middletown, Ky.; New Iberia, La.; Rumford, Me.; Frostburg, Md.; Norwood, Mass.; Houghton, Mich.; Bemidji, Minn.; Gulfport, Miss.; Carthage, Mo.; Nebraska City, Neb.; Berlin, N. H.; Rutherford, N. J.; Cohoes, N. Y.; Salisbury, N. C.; Wahpton, N. D.; Ashtabula, Ohio; Guyton, Okla.; Dubois, Penn.; Bristol, R. I.; Newberry, S. C.; Deadwood, S. D.; Johnson City, Tenn.; Montpelier, Vt.; Clifton Forge, Va.; Grafton, W. Va.; and Manitowoc, Wis.

THOUGHT SHE HAD SURE CURE FOR CONSUMPTION

A haggard looking woman, speaking with a strong Irish brogue, walked into a West Side drug store in New York the other day and asked for a bottle of Dr. Quack's Consumption Cure. While the clerk was wrapping the package, she conversed volubly of Mike, her husband, who was sick with consumption. She said one of her neighbors, Mrs. Casey, had told her that the bottle of medicine she held in her hands would surely restore Mike to health. So she had saved 50 cents from the scant earnings she made over the wash tub in order that her husband might have a chance. As she turned

How To Stop Stubborn Cough

We don't mean just stop the irritation in your throat—but cure the underlying cause.

Cough syrups cannot do this. It takes a constitutional tonic body builder to do the work properly—and cure you to stay cured. Vinol is the remedy you need.

HERE IS PROOF
Mrs. Minnie Osgood, of Glens Falls, N. Y., writes: "After trying several remedies for a bad cough and cold without benefit, I was asked to try Vinol. It worked like magic. It cured my cold and cough and I gained in health and strength. I consider Vinol the most wonderful tonic and invigorator I ever saw."

If we cannot stop that cough with VINOL—our delicious cod liver and iron tonic—which is made without oil—we will not charge you a cent for the medicine you buy. This seems like a pretty fair proposition—and ought to be accepted. Don't you think so? With this understanding we ask you to try a bottle of VINOL.

ed to go away, her eye was attracted by a sign upon which was this legend in big red letters: "Buy Red Cross Christmas Seals, and help cure Consumption. A penny for a Seal." From the few cents in the palm of her hand, the woman drew out a nickel and holding it to the clerk, said, "O'll take five of them, Sure, with this bottle of medicine, and them things stuck to Mike, he'll be well in a wake."

GREAT CLEARANCE SALE OF POLITICAL PROPERTY

Our lease with Uncle Sam having practically expired and having decided to retire to private life, we the undersigned will offer at public sale at our residence, National Capitol, at Washington, D. C., Monday, Jan. 2, 1911, all of the following described property, to-wit:

One elephant about forty-nine years old.

One set of Injunctions and high cost of living. Old enough to wear, sired by Republicans and damned by everybody.

One Republican Platform, good as new; only been used for campaign purposes.

One Big Stick, somewhat worn from over-use.

One Republican Machine, somewhat out of repair.

One Financial System, well supplied with Clearing House Certificates and a little cash.

A large quantity of old Dinner Pails, Granpa Hats, Coon Skins, Teddy Bears, Taft Smiles and other things too numerous to mention.

This sale will positively take place on above date, regardless of weather, and everything must be cleared out before 1912, as the Democrats will then take entire charge of Uncle Sam's business.

Roast crow will be served by the Old Boys' Republican Club.

Everybody, regardless of past political servitude, invited. The stuff must be cleared away.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. LIGHTNING METHOD OF CALCULATING INTEREST

One of the shortest and simplest methods known for calculating interest is to multiply the principal by the number of days, and divide as follows:

For 4 per cent. divide by 90.

For 5 per cent. divide by 72.

For 6 per cent. divide by 60.

For 7 per cent. divide by 52.

For 8 per cent. divide by 45.

Then point off four decimal places.

For instance, to find the interest on \$360.00 for 92 days at 8 per cent. multiply \$360.00 by 92, divide by 45, and point off four decimal places. The result is \$7.36.—[Implement Age.

The Growth of Corn.

Corn grows in 120 days from its planting time. Out in the great corn belt, during 1909, the corn farmers made the ground give up to them \$15,000,000 a day, every day of those 120. In other words, every day from the time the corn farmers out the seed in the ground, \$15,000,000 was poured into their laps until a grand total of \$1,720,000,000 was rolled up! All the gold and silver in the whole United States today isn't equal to this corn crop of last year.—[Travel Magazine.

Logic.

"Earlie, why don't you comb your hair?"

"Cause I ain't got a comb."

"Well, why don't you tell your mamma to buy you one?"

"Cause then I'd have to comb my hair."

LITTLE BOY BLUE.

The little toy dog is covered with rust,

But sturdy and stanch he stands;

And the little toy soldier is red with rust,

And his musket molds in his hands.

Time was when the little toy dog was new,

And the soldier was passing fair;

And that was the time when our Little Boy Blue

Kissed them and put them there.

"Now, don't you go till I come," he said,

"And don't you make any noise!"

So, toddling off to his trundle bed,

He dreamt of the pretty toys;

And, as he was dreaming, an angel song

Awakened our Little Boy Blue—

Oh! the years are many, the years are long.

But the little toy friends are true.

Aye, faithful to Little Boy Blue they stand,

Each in the same old place.

Awaiting the touch of a little hand,

The smile of a little face;

And they wonder, as waiting the long years through

In the dust of that little chair,

What has become of our Little Boy Blue,

Since he kissed them and put them there.

CRUISING TO FIND THE GARDEN OF EDEN

Norfolk, Va., December 22.—Hoping to find the Garden of Eden, and evidently believing it is somewhere in the vicinity of Norfolk, the Barkentine Kingdom, with 40 men and women on board, is tied up at Colonnas Marie Railway, on the Berkeley side of the Elizabeth river.

The reporters endeavoring to get an interview with some one on the bark were shooved over the side of the vessel to-day by one lone woman, while several others and two men stared at them but said nothing.

"What do you expect to find here?" shouted one of the reporters.

"We did not expect to find such as you," the woman shouted. "Please go away."

One of the men said the party are hunting a suitable place to land for the purpose of establishing a permanent settlement and planting the religious faith where they will not be interfered with.

"Such a place, if we find it," he said, "we will consider Eden."

The barkentine left Portland, Maine, six weeks ago, and for the past four weeks it has been cruising up and down the Chesapeake Bay in search of a suitable place to land its strange passengers.

Take Care!

Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y., says: "Foley Kidney Pills are a wonderful discovery and I heartily recommend their use. My trouble started with a sharp shooting pain over my back which grew worse each day. I felt sluggish and tired, my kidney action was irregular and infrequent with a fine sand-like substance. While the disease was at its worst I started using Foley Kidney Pills. Their prompt and efficient action was marvelous. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Sold by all dealers.

A Dilemma.

"What is a dilemma?" asked one small boy.

"Well," replied the other, "it's something like this: If your father says he'll punish you if you don't let your mother cut your hair, that's a dilemma."

"OH, YOU KID!" MADE DAISY REGRET HER ACT

Sergeant-at-Arms Henry N. Casson, of the House of Representatives, was surprised when he opened this letter, addressed to the "Chief of Police, the Capitol:"

"Dear Sir: Will you please have my wife's name erased from the dome of the Capitol? She was not my wife when she wrote it there, and she is sorry she did it, for she is besieged with letters from all sorts of men, asking her to meet them or seeking permission to call. This is

very annoying, and if you have the name erased, the trouble can be readily stopped."

Colonel Casson was nonplused. He sent one of his bluecoats to investigate.

"Sure, it's all over the dome," reported the policeman. "The girl has written in more than 20 places something like this: 'Oh, you kid! My name is Daisy—I live at —, Conduitt road.'"

Colonel Casson had the writing washed off, and sent a letter of notification to the husband.

DAMAGED POSTAGE STAMPS REDEEMABLE

All stamped envelopes which are spoiled by mistakes committed in superscribing will be redeemed by the post-office department at their stamp value. Postage stamps damaged by sticking together in warm or damp weather, or for other causes before using, may be returned to the department and their value repaid to the purchaser or exchanged for new stamps. All redeemed envelopes and stamps are sent by the postmaster, who redeems them to the department, and records of the same are kept. These regulations are, we think, not generally known at large and their publication may be beneficial to a large number of people.

Children Cry FOR FLETCHER'S CASTORIA

About the Size of It.

The Owensboro Messenger says:

In population Oklahoma now ranks 23. Kentucky retrograded from 12 to 14 and yet there has not been a decent rain in Oklahoma in four months, while Kentucky's seasons have been equable. The difference is that Kentucky lands, which produce good, paying crops every year, are high-priced, while drought-stricken Oklahoma lands may be purchased for a song. But the fool farmer rushes off to Oklahoma in quest of cheap lands and becomes so poor he can't get back. Isn't this about the truth of it?

The Optimist—Cheer up, Nehemiah! Just think that a hundred years from now, when our great-grandchildren have grown up to be novelists, dramatists and artists, they will picture these days as the "good old times."
